Circular

Mentoring the IGDTUW students for Internship during June-July 2020

Internship/Practical Training is an integral part of B.Tech/ Mtech/ BBA/B.Arch course curriculum primarily to provide students exposure to real industry environment so that they can correlate their theoretical knowledge with the practical exposure.

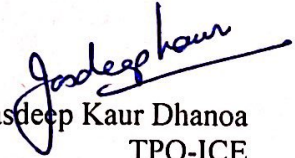

Due to current COVID-19 pandemic and lockdown, many internships have been converted to virtual internships. Many students have yet not received internship offers, thus depriving them of valuable experience.

In order to facilitate these students, it has been suggested that the students may be mentored by faculty members during the period mid-June to July 2020 through assignment of industry relevant projects. This will help in enhancing the skills of students and may result in quality research work and publication. Thus, the faculty members can play vital and crucial role in shaping the career of affected students.

In order to implement this internship, The Department TNP Faculty Coordinators are here by advised to facilitate/create a google form, maybe, wherein the respective faculty is requested to provide information related to area of interest by 22nd May, 2020.

Information provided by faculty members through above form, will be shared among all departments and this will help in matching the area of interest of the students. Students from any program/branch can apply for internship under any faculty member. The choice of concerned faculty will be considered while allotting the students, to be actively coordinated by department Faculty coordinators. In current scenario, mode of interaction between student and faculty will be online.

This has the approval of the competent authority.

Dr Jasdeep Kaur Dhanoa
TPO-ICE

Copy forwarded for information and necessary action to the :

- All HoDs (IT, CSE, ECE, Applied Science, Arch & Plg/Management)
- Mr Rishabh Kaushal, Faculty Coordinator, IT
- Ms Ritu Khandari, Faculty Coordinator, ECE
- Mr Indra Thanaya, Faculty Coordinator, CSE
